

Farmers Grove Homeowners,

An important issue regarding the ability to increase the size of our homes has come up that requires the review and response of every homeowner as quickly as possible. To address the issue, the Plat for Farmer's Grove that is recorded with Summit County must be amended. The Board has carefully reviewed the situation and recommends that the homeowners of Farmer's Grove approve the amendment of the Plat as explained in the attachments.

We need your help to do this. We ask that you review the enclosed information and respond no later than May 30, 2014. If we have not heard from you by then, a member of the Board will be contacting you. The urgency arises from requirements of Summit County Government and pending requests of some of homeowners for additions to their homes.

Thank you very much for your prompt attention to this. All of us on the Board appreciate your time.

Regards,

Farmers Grove Board of Directors
